WHEREAS, it will be to the advantage of all Parties and to the health, safety, and welfare of the citizens of the respective Parties to cooperate and share regional resources and sufficiency of which are hereby acknowledged, it is hereby mutually agreed to as follows:

COVENANTS AND AGREEMENTS

1. **PURPOSE AND MISSION**: The St. Ann Police Department and participating agencies seek to establish, effective _____, a joint effort multi-agency collaboration to bolster the capabilities of the St. Ann Special Response Team (herein “Team”) by embedding qualified candidates from the

participating agencies on to the Team. The mission is to provide a specially equipped and trained team for response to situations, both active and potential, which may require additional resources including but not limited to, manpower, equipment, skills or teamwork capabilities outside the scope of resources and training of regular patrolmen. This MOU formalizes the operating procedures and agreements between the participating agencies as it relates to the participation on the Team. In order to ensure the highest degree of professionalism and cooperation on the Team each participating agency agrees to the terms set forth in this MOU and understands and agrees that the Team, and any respective personnel assigned to the Team, will operate pursuant to St. Ann Police Department policy and (See attached St. Ann Written Directives). A copy of indicated policies may be provided to participating agencies upon request.

2. **COMPOSITION AND COMMAND:**

- a. The Team will be comprised of specially trained and qualified operators, negotiators, medics, snipers, team leaders, assistant team commander, and a St. Ann SRT Team Commander. The St. Ann Police Department shall designate the St. Ann SRT Team Commander. The St. Ann SRT Team Commander will have ultimate responsibility for supervision, training, assignments, callouts, and equipment purchases for the Team. He/she shall assume responsibility for the conduct of the Team and shall oversee designated SRT operations, including tactical or operation decisions and planning, until the operation is concluded and/or the scene is released. Command of the Team shall rest with the designated St. Ann SRT Team Commander or his/her designee and any qualified personnel assigned to the Team shall report to and be supervised by the Team Commander during tactical operation and/or training related to this MOU.

- b. When the Team operates within the jurisdiction of, or operates on behalf of, any participating agency's respective Chief of Police or designee shall designate a command level officer to serve as Incident Commander.

Tactical plans are determined by the St. Ann SRT Team Commander via the St. Ann SRT Standard Operating Procedures (SOP) which are based on National Tactical Officers Association (NTOA) best practices. Incident Commander will remain in charge of all other operations not relating to tactical operations on scene. St. Ann SRT Team Commander will assume all tactical operations responsibility.

- c. To the extent possible, all Team Activity will be a joint activity, with no participating agency acting independently of another agency.

- d. The St. Ann SRT Team Commander will maintain a cohesive communication network between Chief of Police or designee of the participating agencies. Meetings to review specific incidents, call-outs, investigations, or other specific concerns may be called by any participating agency's Chief of Police or designee.

- e. The policy and direction of the Team shall be as set forth by the St. Ann Police Department Chief of Police, and SRT Team Commander, in consultation with the participating agencies Chief of Police, or designee. The Team may be authorized, at the ultimate discretion of St. Ann Police Department Chief of Police or designee, for use in the following types of incidents:

- iii. High Risk Warrant Services
- iv. Suicidal Subject(s)

3. ASSIGNMENT TO THE TEAM AND QUALIFICATIONS

- a. Participating agencies agree to assign no less than one (1) qualified officer to the Team to serve as operators, negotiators, or snipers, as deemed needed by the Team. Participating agencies agree and understand that the St. Ann Police Department shall retain sole authority over the formal selection and removal of personnel assigned to the Team, however, each participating agency reserves the right to remove their personnel assigned to the Team at any time. Selection will be conducted in accordance with the provisions outlined in the St. Ann SRT Operator's Manual (See attached St. Ann Written Directives). Additionally, to be considered "qualified" any candidates considered for the team shall meet the following minimum requirements:
 - i. Written approval from their respective Chief of Police to submit for a position;
 - ii. Written confirmation from the participating agency of the candidate that the agency has completed a review of the candidate's personnel/disciplinary records and affirms that the candidate does not have a documented history of significant misconduct or inappropriate uses of force;

- iii. Written confirmation that the candidate has successfully passed any assessment process required by the participating agency that employs the candidate;
 - iv. Successfully pass the St. Ann SRT assessment process;
- b. Those candidates that pass the required assessment processes shall also be required to complete a regional basic SWAT School (40+ hours) at the participating agency's cost, as soon as reasonably possible.
- c. Any officer appointed to the Team from a participating agency shall be acting as a limited agent to perform SRT related duties within any participating jurisdiction under this MOU. Officers assigned to the Team who receive this limited authority will be deemed to only have such authority while acting in the course and scope of their official duties on the SRT Team and their authority will expire immediately upon their removal from the Team or their individual agencies withdrawal from the Team. For purposes of this MOU, officers assigned to the Team will be considered to be acting in the course and scope of their official duties once they arrive at the designated staging area for a particular incident (following activation), except that members of the Team will also be deemed to be acting in the course and scope of their official duties prior to arriving at the incident staging area if exigent circumstances arise related to a critical incident and the assigned officer is operating in cooperation or coordination with other members of the St. Ann SRT Team. Any law enforcement action taken by officers assigned to the Team shall be in compliance with all state and federal laws, as well as the St. Ann SRT Operator's Manual, and St. Ann Police Department Policies and Procedures regarding SRT.
- d. All officers assigned to the Team will receive copies of the St. Ann SRT Operator's Manual, to include the St. Ann Police Department Policies and

If an officer assigned to SRT participates in an incident that involves a "Use of Force" (as defined and set forth in the St. Ann Police Department Use of Force Policies) or is directly involved in the Use of Force during the course and scope of the SRT official duties authorized under this MOU the officer will be required to comply with and participate in the St. Ann Police Departments Use of Force policies and review procedures and/or any investigations conducted by St. Ann Police Department Detective Bureau, or designee.
 1. If St. Ann Police Department determines that an officer assigned to the SRT Team used force that was not compliance with St. Ann Police Department policies, the St. Ann SRT Team Commander may notify the participating agency. The St. Ann SRT Commander may additionally terminate the officer's participation in the SRT Team or recommend additional training, as it is deemed appropriate.

4. SUPERVISION AT THE SCENE OF A TACTICAL OPERATION

- a. Initial command of the situation shall be the responsibility of the on-scene Incident Commander from the jurisdiction where the event occurs or is occurring. Upon arrival, the Team Commander may assume command over the tactical aspects of the operation, as he or she deems necessary. While that Team Commander retains command of the SRT Team, the Chief of Police in who jurisdiction the incident occurs retains the authority to terminate the SRT operation or request additional support. At which time, a transition plan should be in place to release the SRT team and Team Commander, and the Chief of Police and/or designee will assume responsibility of tactical operations and responsibility of scene management.
- b. Due to the dynamics of large situations, SRT Team Leaders will not be tasked with commanding aspects of situations not directly related to the mission of the SRT team, as proper focus must be maintained for successful tactical resolution.
